# VIAWORKS VANPOOL PROGRAM BENEFITS

You have options for your daily commute.

## VIAWORKS VANPOOL

*Getting there together is a great way to start the day.*

**VIAWorks Vanpools** may travel almost anywhere, as long as trips start or end within Bexar County.

## HOW DOES IT WORK?

Vanpool makes it possible for groups of five to 15 persons to share a ride to work, while splitting the cost of van rental and fuel. Employees of participating workplaces may receive

up to a \$255 per month tax benefit\* for Vanpool expense reimbursements. VIA also provides a subsidy discount (\$20 per person, per month), insurance, 24-hour roadside assistance, and van maintenance.

\*Tax benefits per IRS Code Section 132(f), as of 2016.

## WHY USE VIAWORKS VANPOOL?

- It eliminates driving a personal vehicle and reduces gasoline and emissions.
- It saves parking costs and traffic hassles.
- It's tax free for riders if done as a payroll deduction.
- Vanpool drivers may keep the van during evenings and weekends, in exchange for keeping a daily log, and managing the group's finances and scheduled maintenance.
- It offers an attractive benefit package on behalf of employers.
- It provides tax savings to employers who subsidize all or partial costs.

## HOW DO I SIGN UP?

Visit **VIAinfo.net/VIAWorks**, or call **(210) 362-2555** for information about using the Vanpool.

+ For more information about the **VIAWorks** Vanpool program, including details on qualified transportation fringe benefits, visit **VIAinfo.net/VIAWorks**, or call **(210) 362-2555**.
